

NATIONAL CAMPUS SAFETY AWARENESS MONTH SEPTEMBER 2010

*The University of Southern California presents its
4th annual*

Safety Awareness Expo

“USC provides critical information everyone should know”

Since 2005, universities nationwide have made safety awareness a priority. At the beginning of each school year, USC offers critical information every student should know in order to survive a natural disaster, robbery, hate crime, and sexual abuse. Come and join us and get “prepared” with knowledge and supplies in the event of an emergency!
