>To: The Faculty  
>From: Mark Kann, Professor and Director, Academic Culture Initiative  
>Subject: Student-Faculty Research Clearinghouse  
>  
>Many USC undergraduates are thrilled to assist faculty with their  
>research. Many faculty members benefit from having undergraduates assist  
>them. Last fall, the Academic Culture Initiative, in cooperation with the  
>Office of Undergraduate Programs, developed a Research Clearinghouse to  
>facilitate appropriate matches between interested students and  
>faculty. So far, we have had dozens of successful matches.  
>  
>For faculty who wish to (or are willing to) take on undergraduate  
>research  
>assistants (as soon as possible, for the summer, or for next fall), let me  
>ask you to submit some brief information about the nature of your  
>research, how you would use undergraduate assistants, and how many  
>assistants you would like. When we find a student match, we will provide  
>contact information to the student and to you.  
>  
>If you are interested in having undergraduate research assistants,  
>please  
>fill out the attached form and email it to mkann@usc.edu or send it  
>through campus mail to Mark Kann, mail code 0044. You can also get the  
>form at: <<http://www.usc.edu/ACI>><http://www.usc.edu/ACI> (select "Research  
>Clearinghouse" and click on "Go").  
>  
>Thank you.
