# Permit to Register – Summer 2012

**Instructions**

**Note:** Non-admitted students may not use this form to register. Non-admitted students must register in person at the Registration Building using the Limited Status form.

1. Check OASIS Restrictions to see if a department has placed an activity restriction on your account. Some restrictions must be cleared with that department every time you wish to modify your schedule (e.g., Academic Probation, Athletics and Collections).

2. Use the [Schedule of Classes](www.usc.edu/soc) to view the courses offered during the summer term.

3. Get D clearance for your course before you try to register.

4. Enter all sections for the courses you wish to register in the box below. Some courses require enrollment in multiple sections (For example, CHEM 105a requires enrollment in a lecture, lab and quiz).

5. Note that the session number of a course specifies the start and end dates of a course. To view these dates please visit the [Schedule of Classes](www.usc.edu/soc) for Summer 2012 and click the Session Codes link on the left side of the screen.

6. Submit this form via your USC email account to the Registration Department at register@usc.edu

<table>
