

trojan travel 2010 PREVIEW

For 2010, Trojan Travel proudly presents USC alumni and friends with a full slate of travel programs. All of our trips offer Trojan Family camaraderie, excellent pricing, compelling itineraries, first-class accommodations and, on many, the invaluable expertise of USC faculty or hosts. In the coming year, along with our Young Alumni Travel Program, we have three *eScapes: Specialty Travel for Trojans* departures: Jordan, Guatemala and China. Featuring small groups and in-depth exploration, all three are exclusively USC, meaning your fellow travelers will all have a Trojan Family connection. So contact Trojan Travel today and experience a new part of the world in 2010. Fight On!
