

RealMedia Content Provider Application

Available to USC faculty and staff with a Web publishing account. This application is for 250 MB of server space for RealMedia content on the campus' main web server, cwis.usc.edu. (The additional space for RealMedia will be associated with the existing account.)

RealMedia server space must be renewed at the beginning of each fiscal year (faculty and staff accounts). This can be done by indicating that the additional space is still needed when renewing the Web publishing account.

Below, please provide all requested information. Incomplete or inaccurate applications cannot be processed. The account owner must have a current ISD-issued computer account.
