

COSEE-West

Workshop: Satellite Oceanography

Saturday, April 16, 2005, 8:00 am - 3:30 pm

at **University of California Los Angeles**

405 Hilgard Avenue, Los Angeles, CA 90095

Invited talk: "*How Satellites Have Revolutionized Oceanography*"

by Dr. Jorge Vazquez, Task Scientist,

Physical Oceanography Distributed Active Archive Center (PO.DAAC),
Jet Propulsion Laboratory.

This workshop will reinforce content and materials provided at the
COSEE-West lecture, "Sea Ice and Satellites," on April 13, 2005.

The workshop will begin at 8:00 a.m. in **Room 159/173, Boyer Hall.**

You will

- Strengthen your understanding of satellite oceanography and learn how to use NASA's online databases in the classroom.
- Receive hands-on, inquiry-based, integrative classroom activities related to satellite oceanography and properties of ice, correlated with California Standards.

Participation in this workshop counts toward credit for educators enrolled in the
COSEE-West Extension courses and LAUSD salary point courses.

Professional Development hours may be documented and an attendance stipend to
pre-registered participants will be paid if allowed.

Bring your lunch or buy lunch at the Center for Health Sciences cafeteria.

Parking for the workshop is free.

Tell the attendant at any campus information kiosk that you are attending the COSEE workshop.
Park in Lot 2 on the east side of campus. The sidewalk to Boyer Hall starts at the Manning
Dr./Charles Yong Dr. intersection, opposite the south end of Lot 2.
