### **COURSE DESCRIPTION**

This conference will focus on the clinical challenges in diagnosing, assessing, communicating, and treating dementia in a diverse elderly population.

### **COURSE OBJECTIVES**

At the conclusion of this conference, participants will be able to:

Identify ethnic differences in diagnosing dementia

Identify ethnic differences in drug responsiveness to dementia medications

Identify and apply ethnic-sensitive dementia assessment tools

Identify barriers to and techniques for improving health literacy for patients and families diagnosed with dementia

### **ACCREDITATION**

#### **Continuing Medical Education (CME)**

CALTCM is a provider of continuing medical education. Physicians attending this course may report up to 4 hours of Category 1 credits toward the California Medical Association Certificate in Continuing Medical Education and the American Medical Association's Physician's Recognition Award.

CALTCM is a provider approved by the California Board of Registered Nursing (**BRN**), Provider Number 1753 for 4 contact hours.

The California Psychology Board now recognizes CME for psychological relicensure. For additional information, please visit the California Psychological Association website: [http://www.calpsychlink.org/accrediting\\_agency](http://www.calpsychlink.org/accrediting_agency).

This course meets qualifications for 4 hours of continuing education credit for **MFCCs** and/or **LCSWs** as required by the California Board of Behavioral Sciences Provider Number 3077.
