

ENVIRONMENTAL JUSTICE AND AB32
January 18th, 2008
Preliminary Workshop Agenda

- 8:30 Breakfast
- 9:30 Introductions and welcome
Overview of EJ Issues by Manuel Pastor, Professor, USC
Defining EJ in the context of climate change by Adam Rose, Professor, USC
- 10:00 EJ concerns in a possible cap and trade system
What are the key issues? Who might be the most impacted groups?
How might they be most affected?
How might cap & trade impact these groups differently than other policy approaches to reducing emissions?
- 11:00 How can these concerns be mitigated in a cap and trade system?
Can modifications be made to the market?
Are there ways to reinvest revenues?
Are there ways to differentiate markets geographically or socio-economically?
- 12:00 Lunch and small group dialogue
- 1:00 Talk by CARB Chairperson Mary Nichols to a larger audience
- 2:30 Workshop reconvenes:
What do we need to know to feel comfortable these measures could work?
- 3:00 Some options for moving forward
- 3:30 End of workshop
