

PROGRAM DESCRIPTION

This symposium is designed for primary health care providers (internists, family physicians, physician assistants, nurse practitioners and nurses) as a practical update on the management of hypertension in the primary care setting. Expert faculty will discuss cutting edge technology to diagnose and manage patients with common and challenging hypertension problems.

OBJECTIVES

At the conclusion of this program the participant will be able to:

- describe new research into the pathophysiology of hypertension,
- appropriately utilize newer alternatives in the diagnosis of hypertension,
- select appropriate technologies to determine risk in hypertensive patients,
- initiate the appropriate diagnostic testing in cases of suspected secondary hypertension, and
- manage hypertension in selected populations.

ACCREDITATION

The Keck School of Medicine of the University of Southern California is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to sponsor continuing medical education for physicians.

The Keck School of Medicine of the University of Southern California designates this educational activity for a maximum of 6.75 category 1 credits toward the AMA Physician's Recognition Award. Each physician should claim only those credits that he/she actually spent in the activity.

The California State Board of Registered Nursing accepts courses approved for category 1 credit as meeting the continuing education requirements for license renewal.

DISCLOSURE

The Keck School of Medicine, Office of Continuing Medical Education of the University of Southern California relies on its CME faculty to provide program content that is free of commercial bias. In accordance with ACCME standards, any faculty/industry relationships will be disclosed in the program syllabus.
